JinSeok Chun

Suwon, South Korea
Email: martin3433@kaist.ac.kr Phone: +82-10-8552-2708

Education

KAIST, Daejeon, South Korea **Aug. 2026 – Present**
M.S. in AX
Manufacturing and Service Systems Lab

Sungkyunkwan University, Suwon, South Korea **Mar. 2021 – Aug. 2026**
B.S. in Systems Management Engineering
GPA: 4.19 / 4.50 (Major GPA: 4.38 / 4.50)

Research Interests

- Scheduling
- Reinforcement Learning
- Machine Learning

Research Experience

Undergraduate Research Assistant
Sungkyunkwan University May. 2025 – Sep. 2025
Advisor: Prof. Jangho Park, *Stochastic Optimization and Learning Laboratory*

- Completed a focused reading and implementation track of *Hands-On Mathematical Optimization with Python*: formulated LP/MIP models in Pyomo.
- Participated in a CSO (Contextual Stochastic Optimization) study group: surveyed decision-focused learning and predict-then-optimize pipelines.

Korea Advanced Institute of Science and Technology Dec. 2025 – Feb. 2026
Advisor: Prof. Hyunjung Kim, *Manufacturing and Service Systems Lab*

- Developing a Weighted LB-Depth Balancing Node Selection Strategy for Branch-and-Bound in Multi-Crane Scheduling with Temporal Constraints

Awards & Scholarships

Next-Generation Engineer, IPESK
Institute for Promotion of Engineering and Science of Korea, Korea Sep. 2026

Dean's list
Sungkyunkwan University, Korea May. 2026

Academic Excellence Scholarship x2
Sungkyunkwan University, Korea Sep. 2024, Mar. 2026

13th Woonhae Scholar
Woonhae Foundation, Korea 2026

POSTECH OIBC Big Data Challenge 2025 — Grand Prize (1st Place / 140 teams)
POSTECH OIBC & Solar on care & MOHAET, Korea Dec. 2025

Student Success & Creativity Scholarship
Sungkyunkwan University, Korea Dec. 2025

Optimization Grand Challenge 2025 — Challenge Prize (5th Place / 343 teams)
KIIE & LG CNS, Korea Sep. 2025

Skills

Relevant Coursework: Optimization (OR1/OR2, Production Management), Applied Statistics & Regression (Applied Statistics 1&2), Data Mining, Data Science Programming, Text Analytics & NLP
Additional Coursework: Experimental Design, Probability & Random Processes
Programming: Python, C
Soft Skills: Communication, Organizational Management, Project Management, Leadership

Extracurricular Activities

Member, Academic Society of Systems Management Engineering (SKKU) **Sep. 2024 – Feb. 2026**
- Recognized as one of SKKU's Top 20 academic societies (2024).
- Reviewed and presented research papers in optimization, machine learning

Sergeant, Republic of Korea Army **May. 2022 – Nov.2023**
- GOP
